Greetings Fellow Australians

And our friends around the World  
the rest of the 99%, we have allot to report and get through,  
so we will get straight into things.

First off not just picking on Julia Gillard and Labour, lets look at  
Tony Abbott Liberal Opposition Leader, you know people he is  
a deliberate lying sack of shit.

He is running about deliberately lying saying Vote for Us, Vote  
for Us if elected he will "Repeal" the **Carbon Tax Introduced**.

He won't "Repeal Anything" why?

- 1) Once he takes a look at the books and see how much  
money is rolling in that promise will go out the door.
- 2) What he doesn't tell people is, Julia Gillard wrote a poison  
pill into the Laws passed, meaning if any Government in  
the future tried to "Repeal" the Laws passed The Federal  
Government would be up for Hundreds of Billions of  
Dollars in compensation to the Wall St / London Bankers  
for the Carbon Credits Scheme they will introduced.

SEARCH FOR TRUTH

**Meaning Julia Gillard and the rest of the traitorous gang on Labour side** knew exactly what they were doing when passing these Carbon Tax Laws, they **were New Investment Type Assets** which the Wall St / London Bankers will sell as the latest get rich quick scheme they come up with to rob, fleece people out of their live savings.

As much as \$ 1 Trillion Dollars will be sucked out of the Australian Economy and transferred to the International Bankers so they can put into their Gambling Casino.

The average house electricity bill will rise by about 72% under the Carbon Tax Introduced

That's not to mention the 15 % yearly bills automatically go up

That doesn't include the Traitorous Previous Labour Government in Victoria which got money under the table for introducing these New Electricity Smart Meters the same as the ones being forced upon people and put in, In Canada and the USA, bills will rise by another 40 – 50%

So lets take average 1 person Electricity Bill at present.

They are currently paying \$1,000 per year.

- So That's \$1,000 plus 15 % (\$150) yearly rise = \$1,150.00
- Then add in the Carbon Tax Effects \$1,150.00 plus 72 % (\$828) = \$1928.00
- Then add in Smart Meter 40 % (\$791) = \$2.719.00

Are you following this people how both the State Governments & Federal Government have sold you down the drain and raised the cost of living upon you and your family?

SEARCH FOR TRUTH

Remember the figures are based upon 1 Single Person Current Electricity Bill yearly at presently paying \$1,000 will rise after these above effects to \$2,719.00

## Julia Gillard Prime Minister Is Finished – Baked Like A Turkey

But back to Julia Gillard & Wayne Swan, They just passed these New Mining Tax Royalty Laws, taxing the Mining companies more money.

It's a joke really

These bozos are still acting like nothing is wrong

Business as usual in Australia

And have not even looked or taken into account the affect upon Australia with US President Barrack Obama signing the **New Executive Order – For Marshall Law Preparedness.**

- I will address our friends in America in a minute, but these clowns in Canberra Act, here is what's coming fellas Obama has virtually said: -

**"All The World Resources Oil, Gas, Minerals, Food Production,** everything and anything on planet earth now belongs to the **United States of America Government"**

When and where they want something they can and will just take what they want.

They will decide how much they will pay for things, if at all.

If any Governments resist, they will use Nuclear, Biological, and Chemical Weapons upon who ever to take what ever they want.

Protestors will suffer the same fate – and be eliminated and declared **“Al Qa`eda Terrorist”** or what ever they like to call you and the Mainstream Media will just **“Repeat”** the Government lies.

## Lets Play This Out For Australia and How It Will Effect Us

- If America wants to use Australian bases they can and will, No Talks entered into.
- If America wants to use Australian Troops and SAS Troops in Wars they will, No Talks on how many we will send.
- If America wants Corn, Rice, Wheat, Barley or any other crop, Australian farmers will hand it over No Talks entered into.
- If America needs Oil, Gas, Minerals, Coal, Iron Ore Australia will hand it over No Talks entered into.

These are just examples and their American Commerce and Agriculture Secretaries will decide how much if anything they will pay for things.

So if Wayne Swan thinks he has troubles balancing the Federal Australian Budget now?

Ha, ha, ha, ha, ha, ha, Wayne you poor little freak, weakling of a person your possible Black Hole in the Federal Budget wont be \$40 - \$50 Billion Dollars it will be \$100 - \$150 Billion at least.

SEARCH FOR TRUTH

**Natural progression will then play into things**, and to cut the budget to make up for the short fall, **“Behind The Scenes”** they will introduce **“Secret Policies & Plans”** to eliminate all the **“Dead Wood – Useless Eaters”**

- The Old people
- The sick, mentally ill
- The Unemployed

The Government wont have a choice, And if politicians both sides of the fence don't do what America says, they will be eliminated also, until somebody is there who will do as their told.

All four Major Parties Politicians Greens, Labour, Liberal, National Parties have sold out years ago becoming **“United Snakes of America”** Puppets – Stooges.

**Natural Progression – Pay Us Tribute / Tribune To Follow?**

From here **Natural Progression follows**, all the countries which house American bases 700 US bases around the World, their Government will have to **“Pay America Tribune”** a cut out of their tax revenue collected.

So see my figures above \$100 - \$150 Billion Black Hole that now goes up to \$400 Billion or \$500 Billion Australia Federal Government will lose.

## Natural Progression In Pacts More On Countries

Now for Governments like Australia to lose \$500 Billion from their Federal Budget they will have to make huge cut backs in areas like: -

- Schools
- Universities
- Health Care
- Medicare
- Welfare
- Roads
- Ports
- Railways
- Government Dept Employees
- Grants to the States
- Etc

State Governments will also have to make cut backs.

## Lets Move On Our American Friends

Do you know what the Nazi's were like under Hitler?

Do you know what Stalin was like?

Do you know what Communism is?

Do you know what Zionism is?

Lets join what Germany was like under Hitler and The Old USSR was like people, plus add in the Zionist Bankers.

In both of these societies their leaders **"Nationalised"** everything, so in other words they passed Laws making it **"Legal"** for The Government to move in and take anything and everything they wanted.

And called it **"Legal"** under National Security, for the Good of The State & Country, and in the **"National Security Interest"**

In the New Orwellian World **"National Security Interest"** – for **"National Security"** will be for the benefit of the Corporations and many other **"Entities"** That controls behind the scenes both political parties and pay into having people elected.

Please consider in the scam campaign to get Barrack Obama elected and I call it a scam because everything he promised **"Yes We Can"** & **"Change"** he dam well changed everything alright, he moved straight ahead with changing everything for the **"Evil Entities"** behind the scenes that pull the strings.

\$700 Million plus was donated to his campaign or there about, where do you think most of the money came from?

And all these big Corporations, Banks, Security and Military Industrial Complex, Media etc the list is endless do you think they just donated money to Obama campaign because he is a good fellow?

**NO!**

SEARCH FOR TRUTH

They donated money to him and the Democrats to do their bidding and "Yes We Can" – "Change" the whole American society, country to suit them and work for them.

You know Republicans are thick as a doorpost, because these dumb hicks think "Oh 2012 Election Year" we will just kick Obama out and take control again.

What will change?

You think Romney will change anything?

You think Gingrich will change anything?

You think Hilary will change anything?

You think Santorum will change anything?

The same people pulling the strings backing Obama and the Democrats were also pulling the strings for George W Bush / Dick Cheney.

Only thing is the backers switched sides because the Bush / Cheney Cabal while in Office **worked on enriching themselves and their friends.**

So the same backers of them switched to Obama who behind the scenes was making deals to advance these backers' agenda, plans, objectives, goals.

That is the simplest way I can describe things

Every single American needs to watch this video, it will explain what Barrack Obama, just did with the signing of his New Presidential Order.

**It's Totally Unconstitutional!**

**It's against The American Constitution!**

**It's against The American Bill of Rights!**

And don't hold your breath hoping the lying Kharza Mainstream Media will tell you anything either or that some White Knight will come out of the Cupboard to turn things about.

There is NOBODY who will save you from here

And while you were asleep, watching that rubbish Hollywood Trash coming from Hollywood, and reading that trash Murdoch Newspapers or listening to Rush Limbaugh, Shaun Hannity etc.

People behind the scenes your elected politicians both sides of politics were working with others to take control of America to make it a "Fascist – Nazi – Police State"

**The control grid is almost complete**

You have - Homeland Security – CIA – FBI – DEA – ATF – NSA – Blackwater – US Military – Coast Guard – TSA – Local Police of the top of my head to enforce what your about to read now.

And what you listen to in the above 2 Hour Video, **YOU need to tell all your friends, family, neighbours, work mates, everybody you know about the above Video and listen to it.**

In a nutshell this is what Obama has done with this Executive Order he Orders **“The Nationalization”** of everything using **“National Security”** as a pretext in the interest of the **“Nation”**

This will affect everybody in America even those employed within Homeland Security – CIA – FBI – DEA – ATF – NSA – Blackwater – US Military – Coast Guard – TSA – Local Police.

You have to listen to the video people

This is life or death – your death we are talking about

Otherwise here is the written form of what Obama just wrote and passed.

**Prepare For Martial Law! Executive Order Issued By Obama**

**President Obama issues the National Defense Resources Preparedness executive order instructing US agencies to prepare for the declaration of a martial law.**

President Obama has issued an executive order, titled **"National Defense Resources Preparedness"**, which instructs the heads of various U.S. agencies to be on standby of the authorization of martial law under by the Secretary of the Department of Homeland Security.

The order in fact gives Executive Branch immediate to power to seize and control of any and all assets declared as critical to maintain its industrial and technological base and to control the general distribution of any material (including applicable services) in the civilian market

The order further authorizes the immediate issuance of regulations to allocate, ration, or seize and all materials, including every thing from food, live stock and farm equipment to transportation, energy and even water!

Under this order the heads of these of cabinets of Agriculture, Energy, Health and Human Services, Homeland Security, Transportation, Defense and Commerce can seize or ration any food, livestock, fertilizer, farm equipment, all forms of energy, all forms transportation and all other materials, including construction materials.

SEARCH FOR TRUTH

The order has been issued under the premise that the United States must maintain its industrial and technological base to maintain National Security and National Defense, which includes giving assistance to foreign nations, during times of war and times of peace.

Some of the oddest provisions include the allocation of water authority to use chemical and biological weapons being delegated to the Department of Defense, and the authority to place items owned by the Federal government in private property as well as sell Federal government property to private individuals.

**Executive Order -- National Defense Resources Preparedness**

EXECUTIVE ORDER

NATIONAL DEFENSE RESOURCES PREPAREDNESS

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Defense Production Act of 1950, as amended (50 U.S.C. App. 2081 *et seq.*), and section 301 of title 3, United States Code, and as Commander in Chief of the Armed Forces of the United States, it is hereby ordered as follows:

PART I - PURPOSE, POLICY, AND IMPLEMENTATION

Section 101. Purpose. This order delegates authorities and addresses national defense resource policies and programs under the Defense Production Act of 1950, as amended (the "Act").

Section 501 delegates the authority to active NDER units the Secretary of Homeland Security, who is required to make a written determination that an emergency affecting the national defense exists.

It also contains sleep provisions authorizing the issuance of loans, the guarantee of loans made to private institutions, the subsidization of transportation and "high cost" materials, the hiring of armies of subcontractors, seizing technologies and to further integrate the government with the commercial sector to strengthen the industrial base.

### Obama Executive Order: Peacetime Martial Law!

In a nutshell, it's the blueprint for Peacetime Martial Law and it gives the president the power to take just about anything deemed necessary for "National Defense", whatever they decide that is.

Specifically, the government is allowed to allocate materials, services, and facilities as deemed necessary or appropriate.

They decide what necessary or appropriate means.

What happens if the government decides it needs all these things to be prepared, even if there is no war?

SEARCH FOR TRUTH

You likely won't be able to walk into a store to purchase virtually anything because it will all be requisitioned, "rationed" and controlled by the government.

Construction materials, food like meat, butter and sugar, anything imported, parts, tires and fuel for vehicles, clothing, etc. will likely become unobtainable, or at least very scarce.

A bit of history... During WWII, price stabilization didn't begin until May of 1942, which froze prices on nearly all every day goods and rationing started in 1943.

Why would the government want to control everything before a war?

Here's what some gas ration cards looked like during WWII.

Will there be rationing under this kind of system?

What better way to control the movement and actions of the populace

WWII era gas ration cards via Old Chester PA.

You couldn't go on vacation without a "vacation pass".

Under this new Executive Order, cabinet heads are authorized to loan money, offer loan guarantees and even subsidize payments at above market rates (no bid contracts?) for whatever they need.

This could make Solyndra or Halliburton look like Junior Achievement.

Nothing like a war will generate these kinds of huge profits for the corporate "partners" and you can bet the bankers and contractors are already lining up for this one — because under this order no war is even required!

In a crisis situation, the government will be able to take whatever they need, print money to get whatever they want and distribute it as they see fit....for the benefit of a "war effort" or the politically connected corporations and individuals.

All other contracts except those for employment are superseded by this executive order, it's all here in black and white.

### Executive Order — National Defense Resources Preparedness

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Defense Production Act of 1950, as amended (50 U.S.C. App. 2061 *et seq.*), and section 301 of title 3, United States Code, and as Commander in Chief of the Armed Forces of the United States, it is hereby ordered as follows:

#### **PART I — PURPOSE, POLICY, AND IMPLEMENTATION**

Section 101. Purpose. **This order delegates authorities and addresses national defense resource policies and programs under the Defense Production Act of 1950, as amended (the “Act”).**

Sec. 102. Policy. The United States must have an industrial and technological base capable of meeting national defense requirements and capable of contributing to the technological superiority

Of its national defense equipment **in peacetime and in times of national emergency**.

The domestic industrial and technological base is the foundation for national defense preparedness.

The authorities provided in the Act shall be used to strengthen this base and to ensure it is capable of **responding to the national defense needs** of the United States.

Sec. 103. General Functions. **Executive departments and agencies** (agencies) responsible for plans and programs relating to national defense (as defined in section 801(j) of this order), or for resources and services needed to support such plans and programs, **shall**:

- (a) **identify requirements for the full spectrum of emergencies**, including essential military and civilian demand;
- (b) **assess** on an ongoing basis **the capability of the domestic industrial and technological base to satisfy requirements in peacetime and times of national emergency**, specifically evaluating the availability of the most critical resource and production sources, including subcontractors and suppliers, materials, skilled labor, and professional and technical personnel;

(c) **be prepared**, in the event of a potential threat to the security of the United States, **to take actions necessary to ensure the availability of adequate resources and production capability**, including services and critical technology, for national defense requirements;

(d) **improve** the efficiency and responsiveness of **the domestic industrial base to support national defense** requirements; and

(e) **foster cooperation between the defense and commercial sectors for research and development** and for acquisition of materials, services, components, and equipment to enhance industrial base efficiency and responsiveness.

Sec. 104. Implementation. (a) The National Security Council and Homeland Security Council, in conjunction with the National Economic Council, shall serve as the integrated policymaking forum for consideration and formulation of national defense resource preparedness policy and shall make recommendations to the President on the use of authorities under the Act.

(b) **The Secretary of Homeland Security shall:**

(1) advise the President on issues of national defense resource preparedness and on the use of the authorities and functions delegated by this order;

(2) **provide for the central coordination of the plans and programs** incident to authorities and functions delegated under this order, and provide guidance to agencies assigned functions under this order, developed in consultation with such agencies; and

(3) report to the President periodically concerning all program activities conducted pursuant to this order.

(c) The Defense Production Act Committee, described in section 701 of this order, shall:

(1) in a manner consistent with section 2(b) of the Act, 50 U.S.C. App. 2062(b), advise the President through the Assistant to the President and National Security Advisor, the Assistant to the President for Homeland Security and Counterterrorism, and the Assistant to the President for Economic Policy on the effective use of the authorities under the Act; and

(2) prepare and coordinate an annual report to the Congress pursuant to section 722(d) of the Act, 50 U.S.C. App. 2171(d).

SEARCH FOR TRUTH

(d) The Secretary of Commerce, in cooperation with the Secretary of Defense, the Secretary of Homeland Security, and other agencies, shall:

(1) analyze potential effects of national emergencies on actual production capability, taking into account the entire production system, including shortages of resources, and develop recommended preparedness measures to strengthen capabilities for production increases in national emergencies; and

(2) perform industry analyses to assess capabilities of the industrial base to support the national defense, and develop policy recommendations to improve the international competitiveness of specific domestic industries and their abilities to meet national defense program needs.

## **PART II - PRIORITIES AND ALLOCATIONS**

### Sec. 201. Priorities and Allocations

Authorities. (a) The authority of the President conferred by section 101 of the Act, 50 U.S.C. App. 2071, to require acceptance and priority performance of contracts or orders (other than contracts of employment) to **promote the national defense over performance of any other contracts or orders, and to allocate** materials, services, and facilities

**as deemed necessary or appropriate to promote the national defense, is delegated to** the following agency heads:

- (1) the **Secretary of Agriculture with respect to food resources**, food resource facilities, livestock resources, veterinary resources, **plant health resources, and the domestic distribution of farm equipment and commercial fertilizer**;
  - (2) the **Secretary of Energy** with respect to **all forms of energy**;
  - (3) the **Secretary of Health and Human Services** with respect to **health resources**;
  - (4) the **Secretary of Transportation** with respect to **all forms of civil transportation**;
  - (5) the **Secretary of Defense** with respect to **water resources**; and
  - (6) the **Secretary of Commerce** with respect to **all other materials, services, and facilities, including construction materials**.
- (b) The **Secretary of each agency delegated** authority under subsection (a) of this section (resource departments) **shall plan for and issue regulations to prioritize and allocate resources** and establish standards and procedures by which the authority shall be used to promote the national defense,

**under both emergency and non-emergency conditions.**

**Each Secretary shall** authorize the heads of other agencies, as appropriate, to place **priority ratings on contracts and orders for materials, services, and facilities** needed in support of programs approved under section 202 of this order.

(c) **Each resource department shall act**, as necessary and appropriate, upon requests for special priorities assistance, as defined by section 801(l) of this order, in a time frame consistent **with the urgency of the need at hand**. In situations where there are competing program requirements for limited resources, **the resource department shall** consult with the Secretary who made the required determination under section 202 of this order. Such Secretary shall coordinate with and identify for the resource department which program requirements to **prioritize on the basis of operational urgency**. In situations involving more than one Secretary making such a required determination under section 202 of this order, the Secretaries shall coordinate with and identify for the resource department which program requirements should receive priority on the basis of operational urgency.

SEARCH FOR TRUTH

(d) If agreement cannot be reached between two such Secretaries, then the issue shall be referred to the President through the Assistant to the President and National Security Advisor and the Assistant to the President for Homeland Security and Counterterrorism.

(e) The Secretary of each resource department, when necessary, shall make the finding required under section 101(b) of the Act, 50 U.S.C. App. 2071(b). **This finding shall be submitted for the President's approval** through the Assistant to the President and National Security Advisor and the Assistant to the President for Homeland Security and Counterterrorism. **Upon such approval**, the Secretary of the resource department that made the finding **may use the authority** of section 101(a) of the Act, 50 U.S.C. App. 2071(a), **to control the general distribution of any material (including applicable services) in the civilian market.**

Sec. 202. Determinations. Except as provided in section 201(e) of this order, **the authority delegated** by section 201 of this order may be used only to support programs that have been determined in writing as necessary or appropriate to promote the national defense:

(a) by the Secretary of Defense with respect to military production and construction, military assistance to foreign nations, military use of civil transportation, stockpiles managed by the Department of Defense, space, and directly related activities;

(b) by the Secretary of Energy with respect to energy production and construction, distribution and use, and directly related activities; and

(c) by **the Secretary of Homeland Security** with respect to **all other national defense programs, including civil defense and continuity of Government.**

Sec. 203. Maximizing Domestic Energy Supplies. The authorities of the President under section 101(c)(1) (2) of the Act, 50 U.S.C. App. 2071(c)(1) (2), are delegated to the Secretary of Commerce, with the exception that the authority to make findings that materials (including equipment), services, and facilities are critical and essential, as described in section 101(c)(2)(A) of the Act, 50 U.S.C. App. 2071(c)(2)(A), is delegated to the Secretary of Energy.

Sec. 204. Chemical and Biological Warfare. **The authority of the President** conferred by section 104(b) of the Act, 50 U.S.C. App. 2074(b), **is delegated to the Secretary of Defense.** This authority may not be further delegated by the Secretary.

### **PART III – EXPANSION OF PRODUCTIVE CAPACITY AND SUPPLY**

Sec. 301. Loan Guarantees. (a) To reduce current or projected shortfalls of resources, critical technology items, or materials essential for the national defense, **the head of each agency** engaged in procurement for the national defense, as defined in section 801(h) of this order, **is authorized pursuant to section 301 of the Act, 50 U.S.C. App. 2091, to guarantee loans by private institutions.**

(b) **Each** guaranteeing **agency is** designated and **authorized to:** (1) **act as fiscal agent in the making of** its own **guarantee contracts** and in otherwise carrying out the purposes of section 301 of the Act; **and** (2) **contract with any Federal Reserve Bank** to assist the agency in serving as fiscal agent.

(c) Terms and conditions of guarantees under this authority shall be determined in consultation with the Secretary of the Treasury and the Director of the Office of Management and Budget (OMB). The guaranteeing agency is authorized, following such consultation, to prescribe: (1) either specifically or by maximum limits or otherwise, rates of interest, guarantee and commitment fees, and other charges which may be made in connection with such guarantee contracts; and (2) regulations governing the forms and procedures (which shall be uniform to the extent practicable) to be utilized in connection therewith.

Sec. 302. Loans. To reduce current or projected shortfalls of resources, critical technology items, or materials essential for the national defense, **the head of each agency** engaged in procurement for the national defense **is delegated the authority of the President** under section 302 of the Act, 50 U.S.C. App. 2092, **to make loans** thereunder. Terms and conditions of loans under this authority shall be determined in consultation with the Secretary of the Treasury and the Director of OMB.

Sec. 303. Additional Authorities. (a) To create, maintain, protect, expand, or restore domestic industrial base capabilities essential for the national defense, **the head of each agency** engaged in procurement for the national defense **is delegated the authority** of the President under section 303 of the Act, 50 U.S.C. App. 2093, **to make provision for purchases of, or commitments to purchase, an industrial resource or a critical technology** item for Government use or resale, **and to make provision for the development of production capabilities, and for the increased use of emerging technologies in security program applications,** and to **enable rapid transition of emerging technologies.**

(b) **Materials** acquired under section 303 of the Act, 50 U.S.C. App. 2093, **that exceed the needs of the programs** under the Act **may be transferred to the National Defense Stockpile**, if, in the judgment of the Secretary of Defense as the National Defense Stockpile Manager, such transfers are in the public interest.

Sec. 304. Subsidy Payments. **To ensure the supply of raw or nonprocessed materials from high cost sources, or to ensure maximum production or supply in any area at stable prices of any materials in light of a temporary increase in transportation cost,** the head of **each agency** engaged in procurement for the national defense is **delegated the authority** of the President under section 303(c) of the Act, 50 U.S.C. App. 2093(c), **to make subsidy payments**, after consultation with the Secretary of the Treasury and the Director of OMB.

Sec. 305. Determinations and Findings. (a) Pursuant to budget authority provided by an appropriations act in advance for credit assistance under section 301 or 302 of the Act, 50 U.S.C. App. 2091, 2092, and consistent with the Federal Credit Reform Act of 1990, as amended (FCRA), 2 U.S.C. 661 *et seq.*, the head of each agency engaged in procurement for the national defense is delegated the authority to make the determinations set forth in sections 301(a)(2) and 302(b)(2) of the

Act, in consultation with the Secretary making the required determination under section 202 of this order; provided, that such determinations shall be made after due consideration of the provisions of OMB Circular A 129 and the credit subsidy score for the relevant loan or loan guarantee as approved by OMB pursuant to FCRA.

(b) Other than any determination by the President under section 303(a)(7)(b) of the Act, the head of each agency engaged in procurement for the national defense is delegated the authority to make the required determinations, judgments, certifications, findings, and notifications defined under section 303 of the Act, 50 U.S.C. App. 2093, in consultation with the Secretary making the required determination under section 202 of this order.

Sec. 306. Strategic and Critical Materials. **The Secretary of Defense, and the Secretary of the Interior** in consultation with the Secretary of Defense as the National Defense Stockpile Manager, are each **delegated the authority** of the President under section 303(a)(1)(B) of the Act, 50 U.S.C. App. 2093(a)(1)(B), to **encourage the exploration, development, and mining of strategic and critical materials and other materials.**
